

Undercover Buddies provides an opportunity for our younger friends to discover the value of volunteering. Our special agents are tasked with shopping for new undergarments to help those in need. Should you choose to accept this mission, your investigation will lead you to discover the best deal on pre-packed undergarments, and break items down into smaller packages for our store.

What Each Super Sleuth Will Receive to Complete the Operation:

- A gift card for shopping and shopping list of items that are most needed.
- A calculator to help your detective investigate and calculate which pack provides the best deal.
- Baggies and sharpie marker for re-packaging. Many packages of underwear, socks and undershirts come in large bundles. By breaking them down into smaller quantities (2 per pack) we can impact more people. We then label with gender and size for easy disbursement.
- Plastic bin- to return completed project in.
- As you work through the project, you will find many opportunities to talk with your buddy about how some have plenty, and others simply don't have enough.

Your mission should be completed within one week.

Our Current Need Is:

_____ Underwear _____ Socks _____ Undershirts

Male or Female? _____ Child or Adult? _____
